## Our Third Annual June Sale of Fine Muslin Undergarments

What does this sale mean? Simply this. We have too much muslin underwear and those who come during the next ten days will get the biggest bargains we have ever given. Bear the fact in mind that since these garments were made materials have advanced from 20 to 25 per cent, and that our sale price, in most instances, is far below what they can be manufactured for today. Another fact; these garments have not been bought especially for a sale but are choice garments from our own stock.

The intermediate department of the Sunday school of the First Congregational church will present the beautiful summer cantata at the church Friday evening of this week. Flora, queen of the flowers, decides to celebrate her birthday and issues invitations to her party through her faithful messenger, the golden fairy. The roses, garden flowers, poppy, old fashioned flowers and wild flowers hasten to respond, and all enjoy the evening festivities in full until mother nature arrives to summon all to sleep. Admission, adults 10c, children 5c, First Congregational Sunday School children free.

J. H. Koop informs THE DISPATCH that H. G. McCartney, who owns the big summer resort of Kabekora Camp on Woman Lake, has transferred his stage line, etc., from Pine River to Backus. The new town of Powers, named after Judge Powers, of Minneapolis, has been organized including the village of Backus and has put in a new road to connect with the old road between Pine River and Woman lake and shortened the haul four miles. Mr. Koop also states that Judge Powers, in recognition of the honor bestowed upon him has donated over \$100 worth of seeds for the use of the farmers of the town of Powers. The First State bank of Backus will open for business about July first and will be controlled by bankers from Walker and Belgrade.

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn & Co.

MUSIC AND DRAMA

The musical recital given by the pupils of St. Cecilia's hall at Elk's hall Tuesday evening was greeted by a crowded house. The entire program showed the thoroughness of the work of Sister Josephine, the instructor in music. Every number was heartily applauded. The vocal selections by the ladies' double sextette and St. Francis junior choir were well rendered and well received. Miss Belle Lavaque, of Duluth, who appeared three times on the program as soloist, has one of the sweetest and best controlled voices heard here in some time. Her selections were well received and thoroughly enjoyed. She certainly has a great future before her as a singer. The event of the evening, from the point of general interest was "Plantation Lullabys," given by Misses Patti Hamline, Amerita Theliot, Marie Clark, Emily Dunn and Agnes Jaeger. The little Misses did the songs in blackface and costume and brought down the house on their entrance and kept it in a gale of merriment until the close of the number. Rev. Father O'Mahoney was asked to thank the audience in behalf of the Benedictine sisters for their kind patronage and took occasion to pay an eloquent tribute to women in general and to the Sisters of St. Benedict in particular. The entire evening was a most enjoyable one and again demonstrates the fact that the Sisters are among the most thorough and accomplished teachers of music.

## DON CUPID HAS BUSY DAY

Five Weddings Reported in and Around Brainerd for Today and This Evening

### THREE HAVE TAKEN PLACE

One was a Church Wedding—Others Are Home Events  
---Four to Live Here

This was Don Cupid's busy day no less than five weddings being scheduled for today and tonight in Brainerd and the near vicinity they are as follows:

BURRELL-PENDERGAST

At high noon today at the home of the bride's parents, Mr. and Mrs. L. W. Burrell, in West Brainerd, a very pretty wedding occurred, when Miss Muriel Burrell became the wife of Walter J. Pendergast, of McIntosh, Minn. Rev. J. M. Stewart, Hawley, Minn., a friend of the contracting parties, performed the ceremony.

The bride was daintily gowned in white mull with lace trimmings, while the groom wore the conventional black. The parlors were made very attractive by plants and cut flowers. After the ceremony the wedding party repaired to the dining room where a sumptuous dinner was served.

The out of town guests were Mrs. J. N. Marr, of Aitkin, a sister of the bride, Mrs. S. A. Rich, of Aitkin, and little daughter, and Rev. and Mrs. J. M. Stewart, of Hawley. The bride is well known in this city, having lived here from childhood, and her many friends wish her much joy and happiness. Mr. and Mrs. Pendergast left on the 1:30 train for Minneapolis. They will be at home at McIntosh, Minn., after July 15.

ENGEL-WEBER

John E. E. Engel and Louise C. Weber, both of the town of Long Lake, were united in marriage at the German Lutheran church this forenoon. The groom is a son of E. Engel and well and favorably known to a large circle of friends. The bride is a daughter of Anton Weber, of Long Lake and is well and favorably known in this city.

WILSON-TURNER

Fred A. Wilson and Myrtle Turner were married at noon today at the home of her parents northeast of this city a couple of miles. They will make their home on a farm near the city.

Licenses for two more weddings, said to be set for tonight in this city, have also been issued.

Vetoes Fare Measure.

Albany, N. Y. June 12.—Governor Hughes has vetoed the bill instituting a flat passenger rate of 2 cents a mile on every railroad system in the state more than 150 miles long.

## EPIDEMIC OF MENINGITIS

Scourge is Sweeping Over Entire Northwest in Past Week  
—Many Deaths

### FOUR HAVE DIED IN BRAINERD

Twenty-five Deaths Reported From Minneapolis in One Week  
—Cases Elsewhere

There is a deadly epidemic of meningitis, or spotted fever raging throughout the entire northwest, from the coast clear to the twin cities or farther. Twenty-five deaths occurred in Minneapolis last week and five deaths from that cause have occurred in Crow Wing county within the same time.

Dr. J. A. Thabes was seen by a DISPATCH reporter this morning concerning the matter and stated that careful examination showed no connection between the cases, they appearing epidemic rather than contagious. The first case reported was a child in the country out from St. Mathias. There has been one death in the mill district and two in Southeast Brainerd. One case reported is a transient who died at the N. P. hospital, being brought there sick. Out of seven cases five have died and the other two are still very low.

Dr. Thabes states that the disease is epidemic in Dakota and Montana and on the Pacific coast, showing that the cause, whatever it is a general and not a local one. The only condition he can suggest as causing the epidemic is the abnormally cold and wet weather that has prevailed over the entire northwest for several months.

## BRAINERD'S CIVIC LEAGUE

President—Geo. D. LaBar.  
Vice President—Mrs. A. V. Snyder.  
Secretary—Mr. A. T. Larson.  
Treasurer—Mrs. H. L. Cohen.

1st Ward Vice Pres.—Mrs. John Carlson.  
2nd Ward Vice Pres.—Mrs. Bertha Theviot.  
3rd Ward Vice Pres.—Mrs. George Forsythe.  
4th Ward Vice Pres.—Mr. W. E. Erickson.  
5th Ward Vice Pres.—Mrs. C. H. Mills.

The Civic League is one of Brainerd's latest organizations and one which is producing evidence that it was organized for work. The initial effort of the league was cleaning day and never has Brainerd been cleaned up in a better manner than it was on the day designated by Mayor Wise as cleaning day. At present the campaign is for beauty spots in Brainerd. The beautiful flower beds in the railroad parks and on the library lawn and the other improvements about these places are the results of the efforts of this league. Its object is to create a sentiment among the residents of the city of Brainerd to begin with their own dooryards and to extend their efforts as far as possible to make our city a city of beauty. The constitution also provides for funds for public baths. The value of this work is quite evident. The residences and properties that bring the highest prices are those situated on the best kept streets and where residents care for their lawns. But this should be the smallest incentive; the greatest value is a beautiful city in which to dwell. Brainerd is admirably situated and can easily be made a beautiful spot. A number of our citizens have expressed themselves as follows about the various things that will contribute to a "Beautiful Brainerd":

#### Our Parks

Our city is situated in the midst of many natural beauties. It has within its confines a number of spots which can be made things of beauty and "A joy forever" to the dwellers within its gates and the passing stranger.

With the united efforts of our loyal citizens, wonderful changes can be made in their places. The newly appointed park commission is now devising plans to improve Gregory Square. The faithful old fence, which was on guard so long against stray cattle, but now no longer needed, will soon be removed. About fifty new trees have been set out this spring. A system for watering grass and trees will be installed this week. Let us hope that the authorities will find a way to keep the grass cut. There is a growing sentiment substantially expressed by a number of prominent citizens, that a landscape gardener be employed to convert Gregory Square as it now is, into a park, with neatly laid out paths, hedges of shrubbery, beds of flowers, a fountain and other features, which will make it attractive and beautiful. Plans are now under way for beautifying the depot grounds and railroad parks. The general desire evinced this spring for civic improvements, will probably result in the acquisition, by liberal and beauty loving citizens of tracts of land in each ward of the city, to be set aside for park purposes. Speed the day when this shall be done. Beautiful parks are an impulse for the beautifying of surrounding homes. As this example spreads in ever widening circles, it will be the means of realizing the hopes of the Civic League as well as all of our citizens for a more beautiful Brainerd.

HENRY L. COHEN.

What the Civic League and the City May Do for the Boys

It is a grand thing to have a beautiful city—fine parks and drive ways—but it is better still to have pure boys and manly young men. Why is it in this day so many young men are drifting down stream? Is it not because the boys are often neglected? Men do not become drunkards and gamblers in a leap. They begin with what to them seems an innocent pastime and drift along the current.

Let the city plan innocent pleasure for the young so that they may not wander into paths of sin.

Build bath houses along the river where the boys may feel free; fence off a base ball diamond so they may not be driven off private property; fix up a tennis ground where the girls may spend their summer evenings and have a good time.

REV. J. F. McLEOD.

#### The Value of Boulevarding.

There is no one inexpensive improvement a property owner can make on his property that adds more to the beauty of a property than the boulevarding of the street upon which it fronts. And this is particularly true where several adjoining owners join in the matter.

We have said it adds to the beauty of the place, but this is not the only advantage. It will add more, by far, to

the selling price of a property than the amount it costs expended in any other single improvement. And in this way every property owner owns the fee to the center of the street subject to the right of travel in the public. When you boulevard you extend your property line the depth of the boulevard, so that if your lot is one hundred fifty feet long and your boulevard is ten feet in depth, your lot then becomes one hundred sixty feet long. Of course, legally the public have still the same right to travel over this ten feet you have taken from the street, but the public never uses it. Teamsters will not drive over an eight or ten inch curbing, and if this did become the practice, it is well within the power of the city council to regulate it. And right here let it be said there is no better protection to young trees, or old ones for that matter, than a well curbed boulevard in front of your lots.

Now, when your prospective purchaser comes to look at your place, and observes that instead of the one hundred fifty foot lot, you really use and occupy one one hundred sixty feet long, whether or not in law he is, he thinks he is getting more for his money, and will buy.

The cost is trifling and here is what it actually cost some property owners in Brainerd for a fifty foot frontage:

Cement curbing.....\$ 11 00

Filling in with black earth, seed,

and rolling, including seed..... 6 00

A total of..... 17 00

Can you imagine the expenditure of that amount of money in any other direction with the same results as to utility, beautifying, and enhancing the selling price of your property?

M. E. RYAN.

#### Our Streets.

The present efforts of the citizens of Brainerd to clean up and beautify the city are of the most important ever undertaken for its adornment.

The condition of our streets, vacant lots and even private premises, in the past, have certainly done more to give visitors and strangers a bad impression, and to retard development and growth, than most of us have been inclined to believe.

We have, already, a beautiful city, in two important things, viz: location and shade trees. Both of these have often been noticed by visitors and strangers. Then, let us improve our streets, beautify our city, and as rapidly as possible, secure good roads to our attractive and beautiful lakes and woods, and we will have strangers flocking to our city, full of gladness, because we can offer them the things they are seeking—a clean, pretty city with the glorious and beautiful attractions of nature on our borders.

The benefits will be manifold. It will aid materially to bring prosperity to our citizens, and, with equal value, such environment will do much to broaden our minds and uplift our characters.

A final word—do not let this good work begin and end in a spasm of civic virtue. Let it be constant and continuous. Let our city look as clean in winter as possible, with no eye sores like wood piles in our front yards and ash heaps in our streets.

WALTER COURTNEY.

#### What Shall be Done With the Vacant Lots?

This is what the Civic League are asking. A few years ago Mayor Pingree of Detroit made himself famous by advocating the use of vacant lots to plant potatoes on, and giving them to the poor, and many other cities have tried this plan. It has the merit of usefulness and on some lots this could be done; but many of them are covered with small pine trees and could not be cultivated and are therefore not adapted to potato raising. One thing however can be done for all of them, and that is to keep them clean. The vacant lots and also the streets of Brainerd are too generously used for dumping grounds. Tin cans, ashes, and all the accumulated rubbish of the adjoining dwellings are thrown on them. If they were cleaned up and planted with grass or clover seeds it would improve them very much. The white clover is very adaptable to this sandy soil and grows easily.

#### Suggestions for Keeping Waste Paper Off the Streets

What an unsightly city this is with all kinds of litter blowing around the streets, and no system devised to ward off this evil.

The Civic League would like to have our "City Dads" furnish us with metal cans to be placed at convenient corners for the reception of waste paper, etc.

Every citizen should be a worker in the good cause, and by letting out a few kinks in their backs, stoop down, gather up the objectionable fluttering, blowing, whirling paper mess and drop it into one of the receptacles.

Merchants should be careful to burn up waste paper rather than to allow it to be swept into the streets.

Every school child could be advised to pick up waste paper and place it in a waste paper box or can until they "get

the habit" and thereby incidentally learn neatness.

Bill-posters, if properly approached are surely ready to co-operate in taking care of the paper torn from bill-boards. It is not much trouble to burn it rather than to allow it to be a nuisance when it blows all over town.

Met a gentleman of this city who said: "Well, you ought to see what a model of cleanliness Aitkin is."

Make Brainerd just such a place. It is easy if our people will only pull together and not allow the paper to get on the streets. When this happens, maybe there will be no need to suggest anything.

ONE INTERESTED.

Attend the Civic League Meeting Tuesday Night.

A meeting of the Civic League will be held in the Commercial Club rooms Friday night at eight o'clock to take up the matter of further improvements for our city now being investigated by various members of the league.

The magnitude of the movement instituted by this league is not appreciated by the average citizen, but large things are contemplated. Do not let your ward be without a number of representatives at this meeting for the meeting is decidedly in the interest of your ward.

## FIVE REASONS WHY CALUMET BAKING POWDER

has obtained the confidence of the public.

1. It complies with the Pure Food Laws of all states.
2. It is the only high-grade Powder sold at a moderate price.
3. It is not made by a Baking Powder Trust.
4. Food prepared with it is free from Rochelle Salts or Alum.
5. It is the strongest Baking Powder on the market.

## ELEVEN MEN PERISH

Launch of Battleship Minnesota  
Sunk in Hampton Roads.

### ALL ON BOARD MEET DEATH

Not a Single Person Escapes to Tell  
of the Disaster—Six of Those  
Drowned Were Midshipmen—Launch  
Probably Hit by a Steamer.

Norfolk, Va., June 12.—It is stated  
authoritatively that the naval officials  
have absolute knowledge of a steamer  
which ran down the launch of the bat-  
tleship Minnesota in Hampton Roads  
and that the arrest of the crew of the  
steamer is expected.

Norfolk, Va., June 12.—Eleven men  
of the navy, comprising six midship-  
men and five seamen who left Discovery  
landing at the exposition grounds  
shortly after midnight on a launch of  
the battleship Minnesota, are missing  
and it is believed that the launch with  
the eleven men on board has gone to  
the bottom of Hampton Roads.

The men are Midshipmen Philip H.  
Field, William H. Stephenson, Frank  
P. Holcomb, H. L. Holden, Henry Clay  
Murfin, Jr., Walter Carl Ulrich; Sea-  
men R. H. Dodson, Jesse Conn, Frank  
R. Plumber, Harvey L. Vandorne and  
George W. Westphal.

Midshipmen Ulrich and Holden were  
from Wisconsin and Sallor Vandorne  
was from Cedar Rapids, Ia., and Sallor  
Westphal from Neenah, Wis.

A box belonging to the fireman of the  
launch was found floating near  
here and as the last seen of the  
launch was when it pulled out from  
the exposition pier, officers of the  
fleet have given up hope of ever see-  
ing the men again. The six midship-  
men, accompanied by Lieutenant D. M.  
Randall, came ashore in the launch of  
the Minnesota, which has been lying  
in Hampton Roads, to attend a ball on  
the exposition grounds. It was after  
midnight when the party got away on  
the return trip. Officers of the fleet  
expressed the opinion that the launch  
collided with something unknown and  
that the boats with their occupants  
went down.

The monitor Florida found a cape  
effort in the roads which has been  
identified as that worn by Midship-  
man Ulrich. Lieutenant Randall of  
the United States marine corps, who  
was included in the first list of miss-  
ing, has arrived in Norfolk. He did  
not take passage on the Minnesota's  
launch.

While the launch carried a good  
sized party no one has been found who  
can say exactly how many occupants  
the launch collected.

Naval officers are using every effort  
to ascertain who was in the launch.  
A large number of men are reported  
missing from the various ships. Men  
have been detailed to search Norfolk,  
Portsmouth, Newport News and vic-  
inity. The vessels of the fleet are  
keeping in constant inter-communica-  
tion by wireless telegraph.

A man who is in perfect health, so he  
can do an honest day's work when  
necessary, has much for which he should  
be thankful. Mr. L. C. Rodgers, of  
Branchton, Pa., writes that he was not  
only unable to work, but he couldn't  
stoop over to tie his own shoes. Six  
bottles of Foley's Kidney Cure made a  
new man of him. He says, "Success to  
Foley's Kidney Cure." H. P. Dunn & Co.

Wanted Red Hat for Ireland.  
Paris, June 12.—The Matin pub-

holicism would make great strides in  
America if Archbishop Ireland were  
made a cardinal and that they would  
at once donate \$1,000,000 to the church.  
The pope was most indignant at  
the suggestion of such a bargain.

## SCHMITZ ON THE STAND.

Mayor of San Francisco Testifies in  
His Own Behalf.

San Francisco, June 12.—At the  
closing of Mayor Schmitz' extortion  
trial for the day, Abe Ruef on the  
stand had opened his lips to answer  
the question, "did you pay half of this  
extortion money to Schmitz?" when  
the defense launched an objection  
whose determination was still in doubt  
when overnight adjournment was  
taken.

Judge Campbell called Mayor  
Schmitz to testify in his own behalf  
as the second witness of the day. The  
mayor occupied the witness stand for  
more than an hour and during a con-  
siderable portion of that time oppos-  
ing counsel were wrangling.

The mayor himself exhibited an  
eagerness to waive technicalities of  
law and answer squarely the issue.

Late in the afternoon Assistant Dis-  
trict Attorney Heney said:

"Call Abraham Ruef."

Ruef, pale and composed, entered at  
the back of the altar and made his  
way around the crowded counsel table  
to the clerk's desk, when he took the  
oath.

"Don't answer any questions, please,  
until the defense has had an opportu-  
nity to object," cautioned Mr. Camp-  
bell.

Ruef nodded acquiescence.

"Mr. Ruef," asked Assistant District  
Attorney Heney without hesitation,  
"in July, of 1905, in the house of No.  
2949 Fillmore street, the home at that  
time of Mayor Schmitz, did you give  
Mayor Schmitz \$2,500?"

The prosecution alleges that Ruef  
divided even with the mayor the  
money paid him by the restaurant  
keepers and that the first installment  
paid by them was \$5,000.

To this question Mr. Campbell in-  
terposed an objection, whose argu-  
ment was still in progress when ad-  
journment was taken.

Healthy kidneys filter the impurities  
from the blood, and unless they do this  
good health is impossible. Foley's Kid-

### Secretary Taft in Iowa.

Davenport, Ia., June 12.—Secretary  
of War Taft was the guest of honor at  
the banquet of the Tri-City Press  
club here, speaking to the toast of

The secretary was given a most en-  
thusiastic greeting.

writes: "This is to certify that I have  
used Orinax Laxative Fruit Syrup for  
chronic constipation, and it has proven,  
without a doubt, to be a thorough prac-  
tical remedy for this trouble, and it is  
with pleasure I offer my conscientious  
reference." H. P. Dunn & Co. mwfwd

### TORNADO IN ILLINOIS.

Destroys Much Property and May  
Have Caused Two Deaths.

Duquoin, Ill., June 12.—The second  
of a series of June tornadoes predicted  
for Southern Illinois swept over this  
city and the surrounding community  
and while it was of comparatively  
brief duration the damage inflicted  
will be almost as heavy as Friday's  
storm. The path of the storm extend-  
ed from northwest to southeast over  
that portion of the city damaged Fri-  
day. The A. M. E. Zion church at the  
corner of Park and Maple streets was  
totally demolished by the storm. The  
structure was supported by a tempo-  
rary foundation and the spans un-  
derneath the building made it easy  
prey for the tornado.

Shortly before the storm reached  
the climax a man and child were seen  
to seek shelter underneath the church  
and it is believed they were crushed.  
Workmen are engaged in clearing  
away the debris in an effort to find  
the bodies.

Cars in the Illinois Central yards  
were blown from a switch onto the  
Eldorado main track while the storm  
was at its height. The storm was ac-  
companied by a terrific rainfall and  
hail. The full extent of the damage  
cannot yet be ascertained.

If you will make inquiry it will be a  
revelation to you how many succumb  
to kidney or bladder troubles in one form  
or another. If the patient is not be-  
yond medical aid, Foley's Kidney Cure  
will cure. It never disappoints. H. P.

### IN BOSTON AND MAINE ROADS

Interests Favorable to the New Haven  
Road Acquire Stock.

Boston, June 12.—The merger hear-  
ing at the state house brought before  
the legislative committee on rail-  
roads the two leading authorities in  
New England on transportation, Presi-  
dent Charles S. Mellen of the New  
York, New Haven and Hartford rail-  
road and President Lucius Tuttle of  
the Boston and Maine railroad.

Mr. Mellen told the committee that  
interests favorable to the New Haven  
road now control approximately 100-  
000 shares of Boston and Maine stock.  
He declared, in answer to charges of  
stock watering, that not one dollar of

the capital stock of the New Haven  
but represented more than 100 cents.

In answer to questions as to the  
method employed in obtaining control  
of the Boston and Maine, President  
Mellen said that his attention was  
called by a Boston brokerage firm to  
the fact that certain stockholders of  
the Boston and Maine desired to sell.  
He was told that unless the New  
Haven road acted quickly the New  
York Central would capture the road.  
Stock to the amount of 100,000 shares  
was taken up or acquired by interests  
favorable to the New Haven road.

Senator Vahey tried to obtain from  
President Mellen a promise that no  
further effort would be made by  
friendly interests to obtain additional  
Boston and Maine stock until the New  
Haven road had asked the legislature  
to permit the merger. Mr. Mellen  
did not see how he could control the  
action of individuals.

### TWO WOMEN KILLED.

Three Other Persons Injured in an  
Auto Accident.

Indianapolis, June 12.—Two women  
were killed and three other persons  
were seriously hurt in an automobile  
accident in the northern part of the  
city when a Broad Ripple traction car  
struck and wrecked the automobile of  
J. F. Himes at Thirty-eighth and  
College avenue. The dead are:

Mrs. Thomas W. Love, fifty-eight  
years, of Indianapolis; Mrs. Emma  
Gordon, an aged woman of Indian-  
apolis.

The seriously injured are: J. E.  
Himes of Broad Ripple, a suburb of  
Indianapolis; Miss Fay Himes, his  
daughter; Mrs. B. Kester of Indian-  
apolis.

The accident happened on the In-  
diana Union Traction line at Thirty-  
eighth street and College avenue. The  
automobile approached the crossing  
from the east. According to the state-  
ment of Mr. Himes he slackened speed  
to allow a northbound car to pass

## FOOT COMFORT

Many men have to consider  
comfort first of all in buying a  
shoe. For those who suffer

from corns, bunions, sore or tender feet, we  
recommend our Antikorn, the finest shoe  
of its kind in the world. Made from Black  
Vici Kid, the softest and best leather

### FOR TENDER FEET

and guaranteed to give satisfaction. Price, \$3.50.  
It has a broad "common sense" toe and heel, and  
is made on a last padded just where the big toe-  
joint would come. A shoe for all who suffer from  
the foot troubles above mentioned.
